Swivel chair with a high backrest

Swivel chair with a medium-high backrest

Cantilever, conference and lounge chairs

## When things revolve around the matter in hand, the right feeling makes all the difference.

The modern workplace should not only radiate energy and efficiency, but warmth and comfort as well. *Sedus silent rush* is the answer to the many and varied requirements of the domestic "office". As a swivel chair with a high or medium-high backrest or as a visitor's chair, *silent rush*

appeals due to its outstanding ergonomics and a design that simply makes you feel safe. For *Sedus*, this is the contemporary emotional culture of the office – or simply a place for well-being.

# It's the details that lead to big things.

**Convenient.** The softly upholstered optional neck cushion can easily be removed for cleaning or replacement.

**Comfortable.** The two armrests are integrated in the backrest shell and also have comfortable leather-covered pads.

**Movable.** The Similar mechanism encourages movable sitting with the perfectly balanced course of movement of seat and backrest and a continuously adjustable opening angle of 32 degrees.

**Beneficial.** The height of the perfectly shaped lumbar support adjusts by means of an aluminium slider.

**Harmonious.** With a choice of numerous beautifully made exclusive covers in fabric and leather, *silent rush* can be adjusted to preferences or the surroundings.

## What a shame that every meeting has to end.

Homely furniture doesn't just look good in lounges. It also creates an inviting and relaxed ambience in reception areas and meeting rooms. Just like the visitor and conference chairs *silent rush*, which as a cantilever chair also permits pleasant rocking movements. The shapes wraps itself around the body, instantly providing feelings of safety. Anyone who sits down here will simply feel comfortable – even during long discussions or meetings.

**Passion for detail.** The elegantly shaped tube end of the cantilever frame is shaped from exclusive round turned aluminium parts.

# silent rush modern classic: hand-made for brain workers.

In a work environment that is becoming more and more fast-paced, it is time to stop and take stock. Sit down in peace and quiet. With a hand-made character that can be experienced with every single sense, *silent rush modern classic* adds beneficial accents. Elaborate seam and upholstery work and exclusive covers, such as the olive leaf-tanned aniline leather, make this design a unique experience both in looks and feel. An aesthetic pleasure that inspires us to new deeds.

**Soft as a feather.** Thanks to the patented Sedo Lift mechanism, the seat height adjusts easily, continuously and without wear. At the same time, a soft, pleasant suspension is guaranteed regardless of the chosen seat height.

## **Craftsmanship.**

Perfect processing has a name – that of the Sedus employee whose signature guarantees the quality of his or her hand-made item.

Company:

Sedus silent rush:

MADE IN GERMANY

# Sustainability down to the last detail.

Sustainability and quality “Made in Germany” have been key company principles at Sedus for more than 50 years. Principles that Sedus *silent rush* also embodies and which are reflected in recycling-orientated product design, ecologically tested materials, resource-saving and energy-conscious production and permanent quality tests.

Thus, for instance, the leathers used for the production of *silent rush modern classic* are tanned with olive leaves. This means the olive producers no longer have to burn the leaves, which is better for the environment. Furthermore, the energy-saving and environmentally friendly production of the steel and aluminium components are part of Sedus’s quality and sustainability philosophy.

Further information is available at [www.sedus.com](http://www.sedus.com)

Sedus operates globally in accordance with the principles of the UN Global Compact on human rights, labour standards, environmental protection and fighting corruption.

**Never far away.** Highest quality and short transport routes. The leathers used are obtained primarily from Southern Germany and Austria.

**Resistant.** Fabric quality that is not only durable, but also exemplary in terms of tear and chemical resistance.

**Glossy.** Perfect chrome finishes from an electroplating workshop that includes a treatment plant that removes the residues from the water.
